## INTERNSHIP IN BACKEND PROGRAMMING

- Male
- 14/07/2001
- 0933334987
- tuitentaogiakhanh@gmail.com
- District 6, HCM

### CAREER OBJECTIVE

My career objective as an intern in .NET is to gain hands-on experience in the world of software development. I am passionate about creating robust and efficient applications that solve real-world problems. During my internship, I aim to sharpen my skills in .NET programming, learn best practices, and contribute to the development of innovative software solutions. I look forward to working with a dynamic team, collaborating on challenging projects, and enhancing my knowledge of software architecture and design. Ultimately, I aspire to leverage this internship experience to kickstart a successful career in .NET development.

02/2022 -  
03/2022

**BUILDING A WEBSITE FOR THE  
INFORMATION TECHNOLOGY  
DEPARTMENT AT THE UNIVERSITY OF  
NATURAL RESOURCES AND  
ENVIRONMENT.**

- The number of participants : 1

- Database: SQL SERVER

The Information Technology Department's website at the University of Natural Resources and Environment is designed for both administrators and students. Admins have the privilege to access their accounts and use functions like adding, deleting, editing, searching, and printing news articles. As for students, they can view departmental news pages and log in with the credentials provided by the university to leave comments under each article.
